

The Wonder of the North (National Trust Monographs)

Described as The Wonder of the North in 1729, the Fountains Abbey and Studley Royal World Heritage Site in north Yorkshire is one of the worlds most beautiful and magnificent designed landscapes. This volume, based on 25 years research, for the first time tells its full story, from prehistory through the middle ages to the Victorian era. It charts the rise and fall of Englands largest Cistercian monastery, and reveals the hitherto lost history and scale of the Aislabie familys Studley Royal designed landscape, at the forefront of every emergent garden fashion of the eighteenth century.
