

# Garden Furniture: A Practical Handbook for Woodworkers (DIY series)

Designed as a guide to making 20 traditional garden furniture projects in wood, including tables, chairs, benches, tree seats, a sun lounge and a climbing frame, this volume covers the subject from a design and practical viewpoint. No special woodworking techniques are required by the reader and only a basic minimum of tools are necessary. Each project includes a line perspective drawing, plans, detailed construction sequence, treatment of new techniques, finishing schedule and, if necessary, maintenance techniques.
